BOBBI BARRINGTON

Wisdom Speaker | Coach | Trans Woman

ABOUT BOBBI

Bobbi Barrington is on a bold mission to elevate humanity to unprecedented levels of self-belief, personal empowerment, freedom, and fulfilment. After spending 26 years in the wrong marriage, 40 years in the wrong career, and 59 years in the wrong body, Bobbi Barrington decided it was time to rewrite her story.

Now, as a trans woman, she shares her transformational journey to inspire others to reconnect with their untapped potential and live unapologetically — with purpose, passion, and authenticity.

Bobbi's wisdom transcends traditional boundaries, offering audiences a fresh perspective on modern societal tensions, illuminating the power of resilience, and the importance of living one's truth.

Her unique journey of transitioning both in gender and mindset is a powerful testament to the possibilities of transformation at any age. She challenges us to rethink what's possible — no matter the obstacles — and to forge paths of truth, regardless of age, gender, or background.
